Measures <u>taken</u> to prevent the destruction of unsold consumer products			In 2025, Salvatore Ferragamo S.p.A. formalised an internal procedure with the objective to extend the life-cycle of products, broaden the types of inventory that can be sold via dedicated sales channels and foster partnerships with external stakeholders that can deliver innovative solutions for material and component reuse, recycling, and recovery. The Group also donated 3.808 ready-to-wear items pertaining to dismissed uniforms to a social economy entity that is engaged in offering them free of charge to charitable organizations, missionary institutions, and secular or religious associations upon request, in Italy and worldwide.							
Measures <u>planned</u> to prevent the destruction of unsold consumer products			Salvatore Ferragamo S.p.A is committed to maintaining its current approach by prioritizing internal sales, donations, and recycling, while placing particular emphasis on introducing additional solutions focused on preparation for reuse.
